BIDDING CLOSES @ 1 PM CDT

## MARCH 27, 2023

---

*Join us!*

*Private Treaty Open House March 25, 2023*

---

*Our goal is to build  
profitable cattle for the  
commercial cattleman!*

- 58% of our bulls qualify for Top Dollar Angus
- 61% are in the top 20% for ProS
- 61% are in the top 20% for GM
- 25% are in the top 20% for HB
- Dedicated to great feet and legs
- Cattle raised in southern Iowa
- Passion for quality genetics

Welcome!

Friends,

We are excited to share our first annual production sale with you. In the following pages you will find some excellent bulls and bred cows that could be just the right fit for your operation.

Our mission at West Wind Red Angus is to produce with integrity and authenticity well-rounded, profitable cattle, treating others as we would like to be treated. Our goal is to build profitable cattle for the commercial cattleman. To that end, we are offering 28 lots this year – 26 bulls and two bred cows. Fifty-eight percent of our bulls qualify for Top Dollar Angus and 61% are in the top 20% for ProS.

We hope you can join us March 25 for our open house, which is from 10 a.m. to 5 p.m. We would love to show you what we have to offer in person and have the chance to meet you.

*Ryan & Jenny Hoksbergen | Marlys Hoksbergen*

---

### **GUARANTEE**

All cattle are guaranteed only by insurance at your expense.

### **DELIVERY**

Delivery is on a case-by-case basis. You can call first to be sure we can deliver to your farm/ranch if you would like.  
Ryan Hoksbergen..... 641-780-5952

### **ADDITIONAL INFORMATION**

Bulls will be semen checked and vaccinated/boosted on March 15. Cows were preg checked in October and will be checked again on March 15.

### **ONLINE BID OFF**

Lots are listed on the DVAuction site currently under timed events as:

**West Wind Red Angus-First Annual Production Sale.**

Bidding opens at noon on **March 25** and closes at **1 p.m. CDT on March 27.**

For general questions or to set up an account contact the DVAuction office at:  
402-316-5460 or  
support@dvauction.com

Online bidding is free, you just need to register before the sale.

Due 5-15-23  
to either  
WST JUSTICE  
G3 (#4084422)  
or  
WST ZENITH  
J32 (#4435995)

Lot 28

Calf will be Top  
Dollar Angus  
verified.

*Below is a brief summary of each Red Angus EPD and Index:*

## RED ANGUS GUIDE TO EPDS

RedAngus.org

**ProS** ..... Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include calving ease, growth, HPG, STAY, Mature Weight, Dry Matter Intake and carcass traits. The resulting index is expressed in dollars per head born (Index/High Value).

**HB** ..... HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning. Expressed as dollars per head born, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning. Traits included in the HB index include Calving Ease Direct, Calving Ease Maternal, Weaning Weight, Milk, Mature Weight, Heifer Pregnancy and Stayability (Index/High Value).

**GM** ..... GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feedyard performance and carcass traits. Expressed as dollars per head born, GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. Traits included in GM include Average Daily Gain, Carcass Weight, Dry Matter Intake, Marbling, Back Fat and Rib Eye Area (Index/High Value).

**CED** ..... Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

**BW** ..... Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

**WW** ..... Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

**YW** ..... Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

**ADG** ..... Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

**DMI** ..... Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

**MILK** ..... Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

**ME** ..... Maintenance Energy predicts the difference in maintenance energy requirements. (Mcal per Month/Low Value)

**HPG** ..... Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

**CEM** ..... Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. (Percent/High Value)

**STAY** ..... Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. (Percent/High Value)

**MARB** ..... Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. (Marbling Score Units/High Value)

**YG** ..... Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. (Yield Grade Units/Low Value)

**CW** ..... Carcass Weight predicts differences in actual hot carcass weight. (Pounds/High Value)

**REA** ..... Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. (Square Inches/High Value)

**FAT** ..... Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. (Inches/Low Value)

**RED ANGUS**  
RANCH TESTED. RANCHER TRUSTED.

# West Wind Red Angus
